

DFI joined a World Bank mission to Mongolia from September 15 to 29, 2011. The mission took place at the request of the Ministry of Finance, and focused on providing technical assistance in debt management strategy formulation. The mission shared the Bank-Fund framework for Medium-Term Debt Management Strategy (MTDS) development, and jointly with a government team, applied it to Mongolia. In the process, the team provided training on basic cost-risk analysis, data preparation, and preparation of a debt management strategy document.
