

As part of their decisions in the Tokyo Annual meetings of the BWIs, Francophone LIC Ministers agreed that more technical work was needed to support their decision-making and advocacy. This will begin in Q1 2013 with the establishment of a network among LIC Ministries of Finance for rapid information sharing on experiences of innovative and private finance; and will continue in Q2 2013 with the holding of a meeting of senior officials to discuss key instruments and mechanisms for innovative and private financing.
