

DFI periodically prepares synthesis analysis, to tie together the main findings and lessons from country projects. There are presently three studies. A fourth, covering the impact of the financial crisis, with data to 2008/9, is due to be published and will be uploaded here shortly.

From this page, you can link to the following studies:

- [Private Capital Flows to Low-Income Countries: Dealing with Boom and Bust](#)
- [Private Capital Flows to Africa: Perception and Reality](#)
- [Intra-regional Private Capital Flows in Eastern and Southern Africa](#)
  
- [Private Capital Flows to Low-income Countries: Perception and Reality](#)
